

Driver's Relicensing Program Conduct Pledge

Please carefully read the following information about the Driver's Relicensing Program:

We at the Center for Justice pledge to treat all participants with respect, dignity, and fairness. In return, we expect our participants to return our pledge, and treat all others involved with the program – our attorneys, paralegals, receptionists, interns, volunteers, and other participants – with the same consideration.

Please keep in mind that the Relicensing process takes some time. Our program is staffed primarily by part-time volunteers, along with one full-time supervising paralegal, and is *extremely* contingent on the schedule of the Spokane Prosecutors and Judges. Because of this, we ask for you to remain patient with our staff throughout the Relicensing process.

If you are inconsiderate with ANY staff member, we will ask you to leave the program. Furthermore, if you miss payments, class or fail to provide proper documentation in a timely fashion, we may ask you to leave the program so that others can benefit from our services. Because our resources and staff are limited, we cannot serve everyone.

The Driver's Relicensing Program enables people to take the first step towards gaining responsibility and independence. We aim for this program to be a positive experience for both our participants and volunteers. We look forward to working with you.
